DHL MARKET LEADER IN LIFE SCIENCES & HEALTHCARE GLOBALLY

A STRATEGIC LOCATION

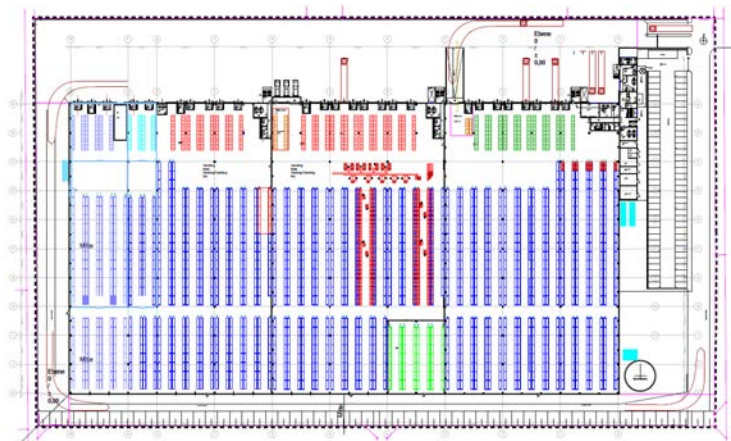

Florstadt will be a dedicated multiuser campus in the Rhine-Main area with more than 85% of the German Pharmaceutical industry located within a 450 km radius. This key logistics hotspot has access to Frankfurt airport (one of the main pharmaceutical hubs in Europe) as well as the main DHL Express network.

- Located in Central Europe with crucial access to airport, rail and highway networks
- The leading cluster of German pharmaceutical top 50 is located in Rhine-Main region
- Next day delivery via DHL Parcel is available across all of Germany
- Workforce availability and flexibility
- Less than 50km from Frankfurt Airport
- Multi-customer site with shared administrative costs
- On-site life sciences and healthcare experts
- International and national as well as multimodal and intermodal transport facilities
- Planned to earn the DGNB Certificate in Gold

CONNECTING YOU TO YOUR PATIENTS

We work with you to develop solutions that will deliver real benefits to you and your patients. This includes a broad range of products and capabilities which can be scaled and replicated to meet your needs as well as access to our dedicated pharmacists and quality managers with in-depth knowledge of the regulatory & quality assurance environment.
